Mr. Joseph [REDACTED]
[REDACTED]

Dear Joseph,

It is a privilege to tentatively announce you as the first recipient of a Wounded Wheels vehicle! We are honored that someone of your caliber and service to our country will be representing all wounded veterans, as you take ownership of the Wounded Wheels 1970 Chevelle SS.

The selection process was grueling, as we had a fine group of candidates all worthy of this distinction. The selection board was made up of active duty military combat service members, who understood and appreciated the sacrifice to our country, that all of the candidates have made. When the selection board met, and brought their decision to Wounded Wheels, it came down to two finalists. After lengthy interviews with the finalist, by Wounded Wheels board members, the findings were presented to the selection board to make a decision. It was determined that you were the candidate that met or exceeded the qualifications for this award.

Congratulations from all those who participated in the making of the first Wound Wheels car. Many individuals proudly volunteered their time and sweat, or made charitable donations to see this dream become a reality. Because of individuals such as you, all would readily do it again.

Sincerely,

Drew Izes
Executive Director
Wounded Wheels
